

Coronavirus (COVID-19)

Play your part in safety

COMMERCIAL
PASSENGER
VEHICLES
VICTORIA

Everyone in the commercial passenger vehicle industry has a role to play in safety.

And as we fight the spread of coronavirus (COVID-19), this has never been more important.

Drivers must work with booking service providers to make sure CPV services are as safe as possible.

After every trip:

- clean all high touch surfaces touched by passengers
- record what you've cleaned and when

After every shift:

- clean all surfaces you or your passengers may have touched
- record what you've cleaned and when
